* I am available to support FOCS in these ways:

I send positive thoughts, the addition of my name to our roster and my annual dues.

I just want to see Camp Silverado open again, no matter what you need - count me in

I am not eager to get my hands dirty, but can help formulate plans. I will be an active member of an Advisory Committee.

I am willing and able for camp service/work projects and eager to build sweat equity

I have a large van or truck, trailer, storage space, workshop, tools and skills to use them.

I am a contractor, a lawyer, a proven grant writer or great fundraiser. I can help.

Add my CV to the Camp's portfolio, giving my name and professional reputation to assist with the USFS ... enclose in mail

I have specialized professional contacts, abilities, equipment, etc ... I have access to and will donate time and materials as available

Please list all professional services you are willing to donate to the camp. These can be individual based or through your business interests. Use the back if you need to.
